EDUCATION

TEEGALA KRISHNA REDDY ENGINEERING COLLEGE

CSE BTech

CGPA: 8.58

Hyderabad

2022 - 2026

SREENIVASA PADMAVATHI JUNIOR COLLEGE

MPC Intermediate

Percentage: 90%

Nagarkurnool

2020 - 2022

EXPERIENCE

EDUNET | MERN Full-Stack Developer Intern

Virtual | DEC 2024 - JAN 2025

Developed a Spotify-like music streaming platform with 50+ tracks and admin panel; optimized UX, reducing page load time by 30% Integrated an admin panel enabling secure song uploads.

EDUNET | AI: Transformative Learning with TechSaksham

Virtual | Feb 2025 - Apr 2025

Developed a Streamlit-based web app using ML algorithms to estimate calories burned; achieved 85% prediction accuracy across 100+ user inputs. Delivered personalized fitness insights and integrated real-time input validation to improve user retention by 25%

SKILLS

Programming Languages: Java, JavaScript, Python, C
Libraries/Frameworks: React, Nodejs, Express Js, HTML, CSS, Bootstrap
Tools / Platforms: Git, Vs code, Postman, Excel, Power point, Vercel, Netlify
Databases: MongoDB, MYSQL, PostgreSQL

PROJECTS / OPEN-SOURCE

Music Player(Spotify clone) | [Link](#)

MongoDB, Express Js, React Js, Node Js

- Built a responsive music streaming app with real-time audio playback and an admin panel for secure song uploads.
- Integrated user-friendly UI and backend APIs; deployed with 50+ tracks and 100+ user sessions

Food Delivery App(Zomato clone) | [Link](#)

MongoDB, Express Js, React Js, Node Js

- Developed a full-stack food delivery platform with real-time menu browsing, restaurant listings, and order placement.
- Built secure APIs and responsive UI, simulating Zomato's core features.

Implementation of Personal Fitness Tracker | [Link](#)

Python, ML

- Created a web app using ML models to predict calories burned based on user inputs.
- Deployed via Streamlit, delivering personalized fitness insights with 100+ test sessions logged.

CERTIFICATIONS

- The Complete Full-Stack Web Development Bootcamp - **Udemy**
- CRUD Operations in MongoDB (Completed with Distinction) - **MongoDB**
- Postman API Fundamentals Student Expert (Badge Earned) - **Postman**
- Graphic Design Essentials (Completed with Distinction) - **Canva**
- Programming in Java - **NPTEL**
- Completed 40+ online certifications from Udemy, NPTEL, Coursera, Infosys Springboard and more - [Link](#)
