EDUCATION

TEEGALA KRISHNA REDDY ENGINEERING COLLEGE   Hyderabad
CSE BTech   2022 - 2026
CGPA: 8.58

SREENIVASA PADMAVATHI JUNIOR COLLEGE   Nagarkurnool
MPC Intermediate   2020 - 2022
Percentage: 90%

EXPERIENCE

EDUNET | MERN Full-Stack Developer Intern   Virtual | DEC 2024 - JAN 2025

Developed a simple and functional website resembling Spotify, allowing users to stream songs seamlessly. Integrated an admin panel enabling secure song uploads.

EDUNET | AI: Transformative Learning with TechSaksham   Virtual | Feb 2025 - Apr 2025

Built a web app using Machine Learning to estimate calories burned based on user details. The app helps users track and improve their fitness with personalized insights

SKILLS

Programming Languages:	Java, JavaScript, Python, C
Libraries/Frameworks:	React, Nodejs, Express Js, Html, Css
Tools / Platforms:	Git, Vs code, Postman, Excel, Power point
Databases:	MongoDB, MYSQL, PostgreSQL

PROJECTS / OPEN-SOURCE

Music Player(Spotify clone) | Link   *MongoDB, Express Js, React Js, Node Js*

Built a fully functional music streaming application inspired by Spotify. The platform provides users with the ability to stream songs effortlessly, offering a seamless and intuitive experience. Integrated an admin panel to enable secure song uploads and manage content efficiently.

Food Delivery App(Zomato clone) | Link   *MongoDB, Express Js, React Js, Node Js*

Designed and developed a responsive full-stack web application for food delivery services, inspired by Zomato. The platform enables users to explore restaurants, browse menus, and place orders effortlessly.

Implementation of Personal Fitness Tracker | Link   *Python,ML*

Developed a web app using Machine Learning to predict calories burned based on user inputs. The app provides personalized predictions and comparative fitness insights, helping users track and improve their fitness levels..
